THE SONG OF THE CARDINAL

Readaclassic.com, United States, 2011. Paperback. Book Condition: New. 198 x 124 mm. Language: English . Brand New Book ***** Print on Demand *****. The Song of the Cardinal, Gene Stratton-Porter's first book, serves as a delightful introduction to the more than twenty others that she ultimately published along with numerous stories and articles in magazines. Stratton-Porter is one of the best-selling authors ever and her novels have never gone out of print. The fictional Cardinal that the book is about is actually a superbird who is bigger and redder and sings louder and more beautifully than any other Cardinal in the world. According to the film Voice of Limberlost it is based on a true experience in which the author finds a dead Cardinal shot by some fiend with a gun simply to test his aim. She picked up the bird and carried it home, formulating the story along the way. The book reveals the strength of her feelings toward nature and invokes religion as the main source of moral authority. The book is clearly intended to influence the behavior and attitudes of hunters and marksmen toward wild things, especially birds, and to invoke the fear of God into any reader who would willingly harm them. The strengths of this book are that nature is presented in an endearing way that might sensitize people on an emotional level to the need to preserve it. It calls attention to...
