Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

A spark in the dark to set the world on fire, words of flame cried in the wilderness by a madman who is damned to tell the truth, The Red Book of Lance is fourteen dozen of this modern masters meticulous poems introduced by his physician and illustrated with cover portraits by his son. Darker than his other books yet brightened by flashes of mad humor, the work reflects the gravity of the times, speaking prophetically of political change and social evolution. This seventh book of Lance is a distillation of deep meditation on life and madness, the world and the universe, the self and others, and the journey of the soul. In The Red Book of Lance the poet breaks out, breaks through, and means to change your mind: burn baby burn. This item ships from multiple locations.
