Start Me Up

By Nicole Michaels

St Martin's Press. Paperback. Book Condition: new. BRAND NEW, Start Me Up, Nicole Michaels, Single mum Anne Edmond can handle - and hand - make - just about anything. From table settings to party favours, there is no project her creativity and a glue gun can't tackle. But dating? That's a whole other story. Case in point: Mike Everett. He's a gorgeous mechanic and known car-whisperer, a man who can restore classic cars like no other. And he has thrown a monkey wrench into Anne's carefully-crafted life. One look at Anne is enough for Mike to know that she's no fixer-upper. She's perfect just the way she is-and the chemistry drives him wild. Mike's always been a no-strings kind of guy, but Anne's independence-and gorgeous exterior - gives him pause. This time, a fast joyride just doesn't seem like enough. But first he has to convince Anne that he means to take her all the way.

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
