Many women in the middle and some in the higher stations fell sacrifices to it. From my situation at that time in a public Lying-in Hospital, I had considerable opportunities of remarking the various symptoms which appeared, and upon comparing them with what I had before seen in inflammation of the uterus, or of the peritoneum during the puerperal state, I could not but be struck with the remarkable difference between them and this complaint; and found great embarrassment in the treatment of a disease new to me.
